Curriculum and learning policy

Vision

We are a Faith Community who bring life to the Gospel in our search for Truth, Beauty and Goodness.

We foster a culture of deep learning by providing powerful and authentic opportunities and challenges through co-design.

We influence the hearts and minds of self and others to lead hope-filled lives of impact.

Mission

St Louis de Montforts is committed to providing educational opportunities that actively welcome, engage, inspire and challenge all students to learn in a safe and enlivening Catholic environment.

Purpose

At St Louis de Montfort's we see learning as a journey of endless possibilities, where students are animated to seek meaning and explore questions about the world around them. At the very heart of our school is a desire for the full flourishing of each student, across religious, physical, cognitive, emotional and social domains. We help our students to 'put life together' meaningfully in the context of an ongoing engagement with Catholic faith so that they can make a difference in our world.

The Victorian Curriculum is the Foundation to Year 10 curriculum for Victorian government and Catholic schools for implementation from 2017. The Victorian Curriculum reflects Victorian priorities and standards for F–10 and incorporates the Australian Curriculum. It defines what it is that all students have the opportunity to learn as a result of their schooling, set out as a series of learning progressions. See <https://www.vcaa.vic.edu.au/curriculum/foundation-10/Pages/default.aspx>.

The Victorian Curriculum F–10 recognises that increasingly, in a world where knowledge itself is constantly growing and evolving, students need to develop, in addition to discrete discipline knowledge and understanding, a set of skills, behaviours and dispositions, or general capabilities, that apply across discipline content and equip them to be lifelong learners able to operate with confidence in a complex, information-rich, globalised world.

The St Louis de Montfort Curriculum Plan has been developed in light of the directions for Catholic education and principles of curriculum from the *Horizons of Hope* education framework: Catholic schools provide an excellent holistic education centred on the students and engaging them in authentic, purposeful learning; and incorporating the philosophy of the Victorian Curriculum F–10 and the Religious Education Curriculum Framework.

The curriculum is a statement of the purpose of schooling and defines what it is that all students have the opportunity to learn as a result of their schooling.

Scope

Our school curriculum defines what it is that all students have the opportunity to learn as a result of their schooling at St Louis de Montfort's.

At St Louis de Montfort's curriculum is enriched by the values, beliefs, perspectives and experiences of each member of the learning community when they engage actively with Catholic understandings of the human person. This orientation towards the person means that the process of curriculum design is shared with students, creating within them a sense of ownership and self-efficacy as learners. Our learning community fosters the conditions for students to have a voice in the design process, allowing them to make decisions about what they need to know and when.

Implementation

St Louis de Montfort's will implement the curriculum by:

The curriculum is designed and delivered from whole-school to level planning to individual teacher plans. These are created in a collaborative and supported environment. This ensures that a guaranteed and viable curriculum is driving student learning and lifting student outcomes.

Curriculum content

The school implements the Victorian Curriculum in order to provide students with a comprehensive and cumulative curriculum from Foundation to Year 10.

The school's teaching and learning program is the school-based plan for delivering this common set of knowledge and skills in ways that best utilise local resources, expertise and contexts. Information technology is an integral part of our curriculum as a basic tool for learning. Supported by our governing body, St Louis de Montfort will develop strong processes for monitoring student progress and the application of appropriate explicit teaching and intervention strategies.

St Louis de Montfort will also take inspiration from the *Horizons of Hope* education framework. This framework supports Catholic school communities to engage in dialogue about the distinctive nature of learning and teaching, leading learning and enhancing Catholic identity in our schools. The framework is a living document that has been added to over the years with examples of practice from schools, as

well as additional strategy statements in the areas of Leadership, Wellbeing, Diversity and Religious Education.

Religious Education has a central place in the curriculum at St Louis de Montfort as it reflects our unique character of Catholic identity and focus as a Catholic school. The primary source for developing our Religious Education program is the Religious Education Curriculum Framework, developed by our governing body MACS.

Refer to the Pedagogical Framework.

All content is developed using the following documents:

- St Louis de Montfort’s policies for each of the learning areas
